## EDUCATION

---

**Clemson University**, Clemson, SC **May 2022**

Doctor of Philosophy in Human-Centered Computing

Dissertation: *Designing and Evaluating Accessible E-Learning for Students with Visual Impairments in K-12 Computing Education*

Committee: Dr. Julian Brinkley (Advisor), Dr. Gou Freeman, Dr. Paige Rodeghero, Dr. Mirali Sitaraman

**Rowan University**, Glassboro, NJ **May 2013**

Master of Science in Computer Science

**Rowan University**, Glassboro, NJ **May 2011**

Bachelor of Science in Computer Science

Specializations in Artificial Intelligence, Information Technology, Software Engineering, Programming Languages and Compilers

## RESEARCH INTERESTS

---

### Current Research

- Human-centered approaches in designing, developing, and evaluating inclusive, equitable, and accessible information and communication technologies.
- Designing and deploying interventions for broadening participation in STEM and computing for marginalized populations.

### Research Areas

Human-computer interaction, user experience, accessibility, computing education, broadening participation

## GRANTS AND PUBLICATIONS

---

### Fellowships

Sept 2023-  
August 2024      Dr. Karen Balcom Endowed Fellowship

### Grants

March 2023-  
March 2024      Texas Center for Equity Promotion Faculty Scholars Grant (**\$5,981.75, Funded**), *Virtually Equitable?: A pilot study on educational leaders' perceptions of the accessibility of online tutoring* (PI: **E. W. Huff**, Co-PI: S. Woulfin). This interdisciplinary study at the intersection of education and technology policy will answer crucial questions about the accessibility of online tutoring services for students with disabilities. The results from this study, therefore, provide implications for how policymakers, reformers, and leaders reimagine and restructure tutoring to justly serve historically marginalized students across Texas.

May 2021 – ACM Special Interest Group for Computer Science Education Special Projects Grant (EHR  
August 2023 Racial Equity; **\$4,098 Proposal Funded**), *Telling Our Narratives: Expanding Equity Within Computing Education* (PI: F. Castro, **Co-PIs: E. W. Huff**, G. Jayathirtha, Y. Jimenez, M. Kong, N. Melo, A. Solomon, & J. Tsan). This grant focuses on understanding the narratives of people engaged in research, teaching, learning, or service within computer science education (CS Ed). The goal is to explore how people's identities are represented and valued or not valued within the community and what equity looks like in an ideal CS Ed space.

## FUNDING

---

PI, Texas Center for Equity Promotion Faculty Scholars Grant (**Funded**), *Virtually Equitable?: A pilot study on educational leaders' perceptions of the accessibility of online tutoring* Amount: \$5,981.75. Year: 2023-2024

Co-PI, SIGCSE Special Projects Grant (**Funded**): *Telling Our Narratives: Expanding Equity Within Computing Education*. Amount: \$4,098. Year: 2021-2023.

## EXPERIENCE

---

### The University of Texas at Austin, Austin, TX

August 2022

Assistant Professor, School of Information

Courses taught:

- INF 385T: Special Topics in Information Science Inclusive Design for Accessible Technology
  - o Fall 2022, Fall 2023
- I 310U: Introduction to User Experience Design
  - o Spring 2023
- I 320J: Special Topics in Social Justice Informatics: Understanding Disability and Accessibility
  - o Fall 2023

## Research

### Clemson University, Clemson, SC

2019-2022

Postdoctoral Research Assistant

Graduate Research Assistant, Design and Research of In-Vehicle Experiences (D.R.I.V.E.) Lab

Advisor: Dr. Julian Brinkley

- Contributing to research in the accessibility of emerging automated vehicle technology for persons with disabilities and older adults.
- Contributing to the development of an autonomous driving simulator for research purposes.
- Use qualitative methods such as focus groups, interviews, user enactment, and diary studies for user needs analysis.

### Morehouse College, Atlanta, GA

2018

Research Scientist, Culturally Relevant Computing (C.R.C.) Lab

Advisor: Dr. Kinnis Gosha

- Conducting research in broadening participation in computing through virtual mentoring.
- Contributed to the design, development, and user experience evaluation of a multi-modal, cross-platform virtual mentoring conversational agent for use with minority undergraduate computer science students.
- Conducted usability tests to evaluate conversational user interfaces.
- Used qualitative methods such as focus groups and interviews for user needs analysis.
- Used qualitative and quantitative data analysis for analyzing usability and user experience data.

### North Carolina State University, Raleigh, NC

2016-2017

Research Assistant, Game2Learn Lab

Advisor: Dr. Tiffany Barnes

- Conducting research in computer science education, broadening participation in computing, and serious games for education.
- Contributed to research in developing a social networking game to help first-time conference attendees meet and network with other attendees.

## Teaching

### **Clemson University, Clemson, SC**

**2018**

Teaching Assistant, *Software Development Foundations*

- Teaching assistant for two iterations of Software Development Foundations
- As graduate lead over a total of 5 programming lab sections, I conducted the lab lectures, providing instructions and aid to students during the allotted time.
- I held office hours for students seeking help with programming projects.
- I assisted the course instructor in grading exams, and independently graded quizzes and programming projects.

### **Elon University, Elon, NC**

**2017**

Adjunct Instructor, *Computer Science I*

- Taught two sections of Computer Science I, an introductory course for teaching the basic foundations of computer programming, in the Java programming language.
- Topics taught in the course included coding syntax and best practices, basic data types, variables, methods, classes, conditionals, and loops.

### **Duke University (Talent Identification Program), San Antonio, TX**

**2017**

Summer Instructor, *Web Application Development*

- Taught two three-week sessions of Web Application Development to 10-12-year-old students.
- Developed the curriculum to teach full-stack web development using HTML, CSS, JavaScript, PHP, and MySQL for students to design and build their own web application, which they demoed at the conclusion of the course.

### **North Carolina State University, Raleigh, NC**

**2017**

Teaching Assistant, *Software Engineering*

- Teaching assistant for one section of Software Engineering.
- As graduate lead over 3 programming lab sections, I conducted the lab lectures, providing instructions and aid to students during the allotted time.
- I held office hours for students seeking help with programming projects.
- I assisted the course instructor in grading exams, and independently graded programming projects.

### **Camden County Community College, Blackwood, NJ**

**2014-2015**

Adjunct Instructor, *Web Design I* (Spring 2015), *Web Design II* (Fall 2014, 2015)

- Taught one iteration of Web Design I and two sessions of Web Design II.
- In Web Design I, I focused on teaching the fundamentals of designing webpages in terms of structure, planning, the semantics of HTML tags, and incorporating media.

### **Rowan University, Glassboro, NJ**

**2016**

Adjunct Instructor, *Object-Oriented Programming and Data Abstraction*

- Taught one section of Object-Oriented Programming and Data Abstraction (OOPDA) and one section of Introduction to Scientific Programming.
- In OOPDA, I taught advanced topics in programming in Java, including inheritance, polymorphism, exception handling, File I/O, generics, GUI building, and UML diagramming.
- In Introduction to Scientific Programming, I taught programming from more of an algorithmic approach to problem-solving using Java. Students learned about using code to build small computer programs in a step-by-step procedure that can be applied conceptually to other scientific fields.

## **CONFERENCE PRESENTATIONS**

---

### **Panels**

“Writing and Publishing,” The National Society of Blacks in Computing Conference, Atlanta, GA, Aug 2019

“Publish and Flourish,” The National Society of Blacks in Computing Conference, New Orleans, LA, Aug 2018

### **Oral**

“What Can My Car Tell Me? Consumer Perceptions of Transparency in Self-Driving Vehicles,” IEEE 3<sup>rd</sup> International Conference on Human-Machine System, Gainesville, FL, November 2022

“Where Are You Taking Me? Reflections from Observing Ridesharing Use By People with Visual Impairments,” 24<sup>th</sup> International ACM SIGACCESS Conference on Computers and Accessibility, Athens, Greece, October 2022

“Online Learning, An (Accessible) Convenience to Education?”, School of Information, The University of Texas at Austin, September 2022

“A Diary Study of The Teaching and Learning Experience in A High School Programming Course,” The Annual Meeting of the Human Factors and Ergonomics Society, October 2021

“The Daily Experiences of Facebook for Visually Impaired Users,” The Annual Meeting of the Human Factors and Ergonomics Society, October 2021

“Tell Me What I Need to Know: Consumers’ Desire for Information Transparency in Self-Driving Vehicles,” The Annual Meeting of the Human Factors and Ergonomics Society, October 2021

“Exploring the Perspectives of Teachers of the Visually Impaired Regarding Accessible K12 Computing Education,” ACM Technical Symposium on Computer Science Education (Virtual), March 2021

“Participatory Design in the Classroom: Exploring the Design of An Autonomous Vehicle Human-Machine Interface with a Visually Impaired Co-Designer,” The Annual Meeting of the Human Factors and Ergonomics Society (Virtual), October 2020

“Examining the Workplace Experience of Programmers with Visual Impairments,” IEEE Conference on Software Maintenance and Evolution (Virtual), September 2020

“Am I Too Old To Drive?: Opinions of Older Adults on Self-Driving Vehicles”, ACM International SIGACCESS Conference on Computing and Accessibility, October 2019

“Evaluating the Usability of Pervasive Conversational User Interfaces for Virtual Mentoring”, International Conference on Human-Computer Interaction, July 2019

“The Development of a Conversational Agent Mentor Interface Using Short Message Service”, Computers and People Research Conference, June 2018

“Awareness and Readiness for Graduate School of African American Male Computer Science Students”, RESPECT Conference, Feb 2018

“Developing and Deploying a Peer Mentoring Program for a Computing Department,” STARS Celebration, Atlanta, GA, Sept 2017

“Starting and Maintaining a Peer Mentoring Program”, STARS Celebration + RESPECT Conference, Atlanta, Ga, Aug 2016

## **HONORS AND AWARDS**

---

Future Faculty Career Exploration Program Invitee, Rochester Institute of Technology, 2020  
SIGCHI Student Travel Grant, 2019  
NextProf Pathfinder Workshop Travel Grant, University of Michigan, 2019  
Clemson University Graduate Student Travel Grant, 2019  
National Society of Blacks in Computing Conference Scholarship, 2018, 2017  
Richard Tapia Conference Scholarship, 2017

## **SERVICE**

---

### **Workshops**

“Introduction to Design Thinking”, iSchool Inclusion Institute, University of Texas at Austin, June 2022  
“What Are Your Papayas? Assimilating to Belong in Computing,” ACM Richard Tapia Celebration of Diversity in Computing (Virtual), September 2021  
“Going Through a Process of Whitening: Student Experiences Within Computer Science Education,” ACM Technical Symposium on Computer Science Education (Virtual), March 2021  
“Writing Technical Papers in LaTeX”, Computer Science Department, Morehouse College, Atlanta, GA, June 2019

### **Invited Talks**

“Accessible Online Learning in K-12 Computing Education: From Exploration to Reality”, Department of Human-Centered Computing, Indiana University-Purdue University Indianapolis, Indianapolis, IN, March 2022  
“To Understand the Problem, You Must Understand the People: A Human-Centered Approach Towards an Equitable and Inclusive Society”, Department of Informatics, University of California, Irvine, Irvine, CA, January 2022  
“To Understand the Problem, You Must Understand the People: A Human-Centered Approach Towards an Equitable and Inclusive Society”, Department of Computer Science, Colorado School of Mines, Golden, CO, October 2021  
“To Understand the Problem, You Must Understand the People: A Human-Centered Approach Towards an Equitable and Inclusive Society”, School of Computer and Information, University of Pittsburgh, Pittsburgh, PA, October 2021  
“Human-Centered Computing: Understanding What It Is and Its Impact on Society” (virtual talk), School of Library and Information Sciences, North Carolina Central University, Durham, NC, November 2020  
“Learning To Code Without Vision: The Proficiencies of High School Students with Visual Impairments In Programming” (virtual talk), School of Information, Rochester Institute of Technology, Rochester, NY, September 2020  
“Human-Centered Computing and Its Impact on Technology Design” (virtual talk), School of Library and Information Sciences, North Carolina Central University, Durham, NC, March 2020

## **Leadership**

### **ACM International SIGACCESS Conference on Accessibility and Computing (ASSETS)**

Co-Chair, Workshops, 2023-present

### **ACM Special Interest Group on Computer Science Education (SIGCSE)**

Co-Chair, Universal Design Committee, 2022-present

### **ACM Special Interest Group on Computer-Human Interaction (SIGCHI)**

Accessibility Committee Member, 2021 - present

### **ACM CHI Conference on Human Factors in Computing Systems**

Assistant to Papers Chairs, Program Committee, 2020

### **National Society of Blacks in Computing**

Graduate Track Chair, 2019

Scholarship Selection Committee, 2019

### **Research on Equity and Sustained Participation in Engineering, Computing, and Technology (RESPECT) Conference**

Co-Chair, Experience Reports Track, 2023

Program Committee Member, 2019

Session Chair, 2019

### **Clemson University Graduate Elections Committee, Graduate Student Government**

Committee Member, 2018

### **NC State University STARS Computing Corps**

Evaluation Assistant, Aug 2016 to May 2017

### **NC State Computer Science Undergraduate Research Symposium**

Host/MC, Coordinator, Fall 2016 to Spring 2017

## **MEMBERSHIPS**

---

### **Texas Center for Equity Promotion**

Faculty Affiliate, 2022-present

### **Human Factors and Ergonomics Society**

National Student Member, 2020-2021

Member – Clemson University Chapter, 2018-2019

### **Black Graduate Students Association, Clemson University Chapter**

Vice President, 2019-2020

Liaison to Commission on the Black Experience, 2020-2021

Member, 2018-2022

### **Clemson University Commission on the Black Experience**

Graduate Student Commissioner, 2020-2021

### **Association for Computing Machinery (ACM)**

Special Interest Groups (SIGS):

- Computer Science Education (SIGCSE)
- Computer-Human Interaction (SIGCHI)

- Accessible Computing (SIGACCESS)

## **TECHNICAL SKILLS**

---

**Programming languages:** Python, Java, JavaScript, C#

**Markup/Styling:** HTML, CSS

**Text Editors/IDEs:** NetBeans, IntelliJ, Visual Studio, Visual Studio Code, Atom, Sublime Text, Notepad++

**Data Collection/Analysis Platform/Languages:** R, R Studio, MAXQDA, Jupyter Notebook, Qualtrics

**User Research/User Experience:** Interviews, Focus Groups, Diary Study, Storyboarding, Wireframing, Prototyping, Affinity Diagramming, Usability testing

## **LANGUAGES**

---

English: Fluent
