COURSE DESCRIPTION

This course is designed to provide foundational skills and knowledge needed to facilitate multicultural group interactions, particularly intergroup dialogues. The topics of this course include social identity development; prejudice and stereotyping and their effects on groups; difference and dominance and the nature of social oppression; basic group facilitation skills and their applications in multicultural settings. Students will explore social identities that are defined by gender, race, ethnicity, religion, sexual orientation, socioeconomic status, physical ability and age. We will address these and other topical areas through readings, videos, facilitated in-class dialogues, activities, simulations, role-plays, and reflective journal and writing assignments.

This course carries the flag for Cultural Diversity in the United States. Cultural Diversity courses are designed to increase your familiarity with the variety and richness of the American cultural experience. You should therefore expect a substantial portion of your grade to come from assignments covering the practices, beliefs, and histories of at least one U.S. cultural group that has experienced persistent marginalization.

COURSE OBJECTIVE

This course is designed to educate students about social justice and prepare students to facilitate intergroup dialogue. Specifically, as a student in this course, you will have the opportunity to:

1. Develop an increased awareness of yourself as an individual and as a member of multiple social identity groups
2. Learn more about your own and others' cultures, histories, and experiences
3. Explore commonalities and differences across cultural boundaries
4. Identify actions that contribute toward social justice within communities
5. Develop effective facilitation skills, including communication, conflict exploration, and ally-building skills

1. ATTENDANCE AND PARTICIPATION

Attendance and participation are critical to this class. All students are expected to join in the educational mission of the class as both teachers and learners. Two absences from class will drop your final grade by one letter. Three absences or more will result in a failing grade (unless there is a justifiable and documented reason). Significant and consistent late arrival or early departure from class will impact your participation grade. Should an emergency arise (illness, accident, etc.) that prevents you from attending a class session, it is your responsibility to contact the instructors before class. Participation is also extremely important for this class and you will be graded each week not just on your attendance but also on your involvement in class activities and discussions.

NOTE: Persons who have religious or cultural observations that conflict with class sessions should notify the instructors via email by the 2nd class day, so we can make sure that you will not be penalized for missing class. We strongly encourage you to honor your cultural and religious holidays. However, if we do not hear from you by the 2nd class day, we will assume that you plan to attend all class sessions, and full attendance will be required. Participants who notify us by the 2nd class day that they plan to be absent for religious or cultural reasons will have their attendance and participation points adjusted without penalty.

2. LEARNING JOURNALS

The Learning Journals are a log of your experiences and reactions to readings, exercises, films, interactions, and other course activities. They provide a forum for you to reflect on your experiences, to deepen the learning that comes from course activities, and to wrestle with multiple thoughts and feelings that arise from social justice education. The journals are opportunities for you to explore both your emotional and cognitive responses to the course. Journals should be 2-3 pages (double-spaced) in length using 12-point Times New Roman font with 1" margins (adjust from 1.25" margins) and submitted as Word documents. ***Journals are due by 1:30 p.m. on the day of class (submitted via email to your assigned instructor). When submitting your journal, please put your full name and the journal number as the file name (example – Smita Ruzicka-Journal4.doc) and include your name and journal number on the actual document itself.***

3. TOPICAL WORKSHEETS

Topical Worksheet questions pertaining to the following week's issues and readings are located on your syllabus. Each topical worksheet will provide two questions to guide your reading and connect this material to other class activities. Your responses to the topical worksheets should be answered completely, so there is no particular minimum or limit to your responses, but again, do answer the questions thoroughly. All topical worksheets should be double-spaced using 12-point Times New Roman font with 1" margins (adjust from 1.25" margins) and submitted as Word documents. When responding to the questions please be sure to provide examples from your own experiences whenever relevant. ***Worksheets are also due by 1:30 p.m. on the day of class (submitted via email to your assigned instructor). When submitting your worksheets, please put your full name and the topical worksheet number as the document name (example – LaToya Hill-tw4.doc) and include your name and journal number on the actual document itself.***

4. COMMUNITY LEARNING OBSERVATION AND PAPER

The Community Learning Observation is a way to learn first-hand rather than out of books about communities other than your own. You will be required to attend one educational community event that focuses on at least one social identity group that will be discussed in class. Announcements about some community events will be made in class; however, you may attend events other than those announced in class. Each student will write a reflection paper about the event. Please provide a description of the event (name of event, date, time, location, and the group hosting the event) and your reaction to the event. The reflection paper will be 3-5 pages (double-spaced) in length using 12-point Times New Roman font with 1" margins (adjust from 1.25" margins) and submitted as a Word document. For more detailed information about this assignment please refer to the guidelines provided later in the syllabus. ***These reflection papers are due by 1:30 p.m. on Tuesday, October 11, 2011 (submitted via email to your assigned instructor).***

5. IN-CLASS CO-FACILITATION

The co-facilitation will give you and a partner an opportunity to practice your facilitation skills with your peers. The instructors will assign students in their respective co-facilitation pairs earlier in the semester. You and your co-facilitator will lead an in-class facilitation and you will receive feedback from both your classmates and your instructors. This is a joint project and grades will be assigned based on the performance of the group as a whole and not based on individual members. For more detailed information about this assignment please refer to the guidelines provided later in the syllabus.

6. FINAL PAPER

The final paper will be an opportunity to integrate learning from all aspects of the course. The final paper will be 8-10 pages (double-spaced) in length using 12-point Times New Roman font with 1" margins (adjust from 1.25" margins) and submitted as a Word document. For more detailed information about this assignment please refer to the guidelines provided later in the syllabus. ***This assignment will be due by 5:00 p.m. on the last day of classes for the semester (submitted via email to your assigned instructor).***

This should be done as soon as possible to request an official letter outlining any authorized accommodations to be presented to the course instructors so that the appropriate accommodations can be provided.

UNIVERSITY POLICIES ON SEXUAL HARASSMENT

It is the policy of the University of Texas at Austin to provide an educational and working environment for its students that is free from sex discrimination and sexual harassment. In accordance with federal and state law, the University prohibits discrimination on the basis of sex, including sexual harassment. Sex discrimination and sexual harassment will not be tolerated, and individuals who engage in such conduct will be subject to disciplinary action. The University encourages students to promptly report sex discrimination and sexual harassment.

Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of course failure and/or institutional dismissal. Since dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. For further information, please visit the Student Judicial Services (SJS) web site at <http://deanofstudents.utexas.edu/sjs/>

POLICY ON PROPER CITATION

It is extremely important that you properly cite all written assignments for this class. Many students fail to cite sources altogether, while others take authors' words verbatim and do not quote them properly. Additionally, some students simply paraphrase the authors' words without proper citation. There are a number of citation styles depending on your area of study and academic discipline. We will ask you to use the APA for the citation style. Please refer to the websites provided below for assistance with APA. There are other online resources that may also provide you with APA citation assistance.

APA Format: <http://owl.english.purdue.edu/owl/resource/560/01/>

APA electronic references: <http://www.apastyle.org/electref.html>

If you have more questions or concerns, we ask you speak to the instructors individually regarding issues with proper citation. Failure to cite properly and appropriately can put you in serious academic trouble. Please be aware that plagiarism can merit a referral to Student Judicial Services (SJS). We encourage you to visit the SJS website (<http://deanofstudents.utexas.edu/sjs/>) and familiarize yourself with the definitions of plagiarism and paraphrasing. Because you have been informed about academic integrity through this class and this syllabus, your instructors will refer cases of academic dishonesty to Student Judicial Services.

ELECTRONIC DEVICE USE

All communications devices are to be off during class, including cell phones or laptops. If you anticipate a situation that would require you to use one of these devices, please contact the instructor prior to the beginning of class so appropriate arrangements may be made.

GUIDELINES FOR COMMUNITY LEARNING OBSERVATION AND PAPER (15%)

Due: Tuesday, October 11, 2011 at 1:30 p.m.

Delivery: Submit via email to your assigned instructor

Format: Word document, 12 pt Times New Roman font, and Double-Spaced with 1" margins (adjust from 1.25" margins)

The Community Learning Observation and Paper is an opportunity for you to attend an educational community event of a group that you may not be familiar with in order to gain a deeper understanding of that community and reflect on the experience. During the semester, there are a variety of activities, trainings, and panels that you may attend for this assignment. We encourage you to start exploring your options early in the semester. Please do not wait until the week of the assignment due date. You are also welcome to attend more than one community event, however, you are only required to attend and write about one.

After attending the event, you will be asked to write a 3-5 page paper reflecting on your experience of attending this event. In this paper, you will be asked to address the following issues along with any others you may choose to write about.

- Details of the event including name, date, time, and location of the event
- The community or social identity group that hosted the event or that was the focus of the event
- Details about the event speaker(s) or presenter(s) (if relevant)
- Description of the format of the event
- Your personal reflection on attending this event including significant learning moments and new information acquired
- How this event connects to class readings and discussions

Please make sure that your paper has cohesion and organization as you reflect on your experience. Please take this assignment seriously and proofread for errors, punctuation, etc.

Your paper will be graded on the following criteria:

- Format, grammar and language: Please make sure to follow the formatting guidelines for the paper and ensure that you meet the minimum page limit requirement. Please make sure that the content of your paper is well organized, grammatically sound, and has clear and concise use of language.

GUIDELINES FOR IN-CLASS CO-FACILITATION (20%)

This facilitation project will provide you and your partner an opportunity to practice your facilitation skills with your peers. Facilitation pairs will be assigned by the instructors. Your team's presentation should be scheduled to last 45 minutes. The topic should be a social justice issue related to the topics discussed in class. You will provide the instructors with your topics for approval by **October 26, 2011**. You can allocate the time for your presentation in a manner that best suits your needs, but we encourage you to allow plenty of time for questions and answers.

On the day of your co-facilitation, please submit an agenda for your co-facilitation and a list of the resources you utilized electronically to the instructors by **1:30 p.m.**

The project will be evaluated on a 20-point scale with equal points being allocated to each area of evaluation. Please remember that this is a joint project and you will be assigned a grade as a group and not as an individual. This exercise is 20% of your total class grade. The criterion for the presentation include the following:

| • Content | 4 pts. |
| • Overall understanding of material | 4 pts. |
| • Teamwork and equal participation | 4 pts. |

You must address three different assigned readings from this class and talk about three in-class experiences as a part of your assessment paper. In addition, we encourage you to incorporate outside readings when relevant, however this is not a requirement for this paper.
