#### SEMINAR IN SOCIAL PSYCHOLOGY

Version 3.0 Syllabus

EDP 381M (74985): Summer, 2013

TWTh 1-4pm SZB 432

Instructor: Toni Falbo, Professor of Educational Psychology. The most reliable way of contacting Falbo is email: toni@prc.utexas.edu. She has a phone in her office (SZB506Q): (512) 471.0603. Falbo will be in her office from noon - 1pm before class.

**Objective**: To familiarize graduate students with basic theories and methods of social psychology. The course will cover the following topics: self-deception, diversity science, models of agency, positivity biases, referent group effect, sibling status, family relations, family resources, and more.

Readings: The required readings consist of articles from scholarly journals. Students can download all but one of the readings from library services (go to the utexas homepage). The single reading that is not downloadable is available on our Bb site. Students should read the required articles before coming to class.

Student Presentation: Each student will select one journal article from the list provided by Prof Falbo and present the contents of each article to the class. The student should explain why the research is important (which involves explaining the contents of the literature review), the hypotheses, how the data were collected (including a description of the subjects and methods), and what the study found. The presentation should take about 20-30 minutes. This presentation counts 20% of final grade. If the student chooses to make slides to assist in the presentation (and PPTs are not required), the student cannot read out loud from the slides. The student needs to talk to his/her classmates as though trying to explain the journal article in conversational language.

**Tests**: There will be two take-home and comprehensive exams. Each contributes 30% to your final grade. The tests are all essay and the questions for the tests will be shared with students soon after the beginning of the class. Your answers to the first exam are due June 25 and your

answers to the second exam are due July 11.

**Posing Questions**: Each student will pose at least TWO question to the class based on the required reading of the day. The question poser should, of course, have a lot to say about the answers to the questions he/she poses. Students will select their reading during the first class. This work will count for 20% of the course grade.

**Courtesy**: As an expression of respect, students are expected to give their full attention to their instructor and classmates during class time. Laptops should be closed and all other electronic communication devices must be silenced, unless the instructor indicates the use of these devices is appropriate.

## University Policies: Behavior Concerns Advice Line BCAL: 232-5050

Students with Disabilities. The University of Texas at Austin provides upon request appropriate academic accommodations for qualified students with disabilities. For more information, contact the Office of the Dean of Students, at 471.6259 or 471.4641 TTY.

Scholastic Dishonesty. Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since such dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. For further information, please visit the Student Judicial Service <a href="http://deanofstudents.utexas.edu/sjs/acint\_student.php">http://deanofstudents.utexas.edu/sjs/acint\_student.php</a>

Religious Holidays: By UT Austin policy, students must notify Prof Falbo of a pending absence at least fourteen days prior to the date of observance of a religious holy day. If students must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, he/she will be given an opportunity to complete the missed work within a reasonable time after the absence.

**EVACUATIONS**: Occupants of buildings on The University of Texas at Austin campus are required to evacuate buildings when an alarm is activated. Alarm activation or announcement requires exiting and assembling outside. Students, familiarize yourself with all exit doors of each classroom and building you may occupy. Remember that the nearest exit door may not be the one you used when entering the building. Students requiring assistance in evacuation shall inform their instructor in writing during the first week of class. In the event of an evacuation, follow the instruction of faculty or class instructors. Do not re-enter a building unless given instructions by the following: Austin Fire Department, The University of Texas at Austin Police Department, or Fire Prevention Services office.

# Seminar in Social Psychology

# Summer, 2013

# SZB 432; TWTh 1-4pm

| June 6  | Introduction            | None ☺                       |
|---------|-------------------------|------------------------------|
| June 11 | Positive Illusions      | Taylor & Brown, 1988         |
| June 12 | Accurate Self-Knowledge | Helzer & Dunning, 2012       |
