

Curriculum Vitae
Julia Allison Clarke

Current Appointments:

(2016-) Professor and John A. Wilson Centennial Fellow in Vertebrate Paleontology, Jackson School of Geosciences, The University of Texas at Austin.
(2014-) Ecology and Evolutionary Biology, Graduate Faculty, The University of Texas at Austin
(2008-) Research Associate, Dept. of Geology, Field Museum of Natural History
(2004-) Research Associate, Div. of Paleontology, American Museum of Natural History

Previous Appointments:

(2009-2016) Associate Professor and John A. Wilson Centennial Fellow in Vertebrate Paleontology, Jackson School of Geosciences, The University of Texas at Austin.
(2004-2009) Assistant Professor, Dept. of Marine, Earth, and Atmospheric Sciences, North Carolina State University
(2004- 2009) Research Curator, Dept. of Paleontology, North Carolina Museum of Natural Sciences
(2002-2004) Frick Postdoctoral Fellow, Div. of Paleontology, American Museum of Natural History
(1995-1996) Fulbright Research Fellow, United States Department of State, "Naturalizing the Nation: Scientific Travel Writing and Nationalism in 19th Century Argentina."

Education:

2002	Ph.D.	Yale University (Department of Geology and Geophysics)
1995	B.A.	Brown University (Geology-Biology & Comparative Literature) • <i>magna cum laude</i>

Honors:

American Ornithological Society, Elective Member, an honorary membership category that recognizes contributions to ornithology (2017).
Knebel Distinguished Graduate Teaching Award, Jackson School of Geosciences (2017)
Humboldt Research Prize, a career achievement award from the Humboldt Foundation (2016)
Provost's Teaching Fellow, University of Texas at Austin (2016)
Outstanding Research Award, Jackson School of Geoscience (2013)
Knebel Distinguished Undergraduate Teaching Award, Jackson School of Geosciences (2012)
Gigapan Science Outreach Fellow, Fine Foundation/NASA/Carnegie Mellon Robotics (2010)
Outstanding Faculty Engaged in Outreach and Extension, North Carolina State University (2008)
G.G. Simpson Award, Yale University, best paper among recent alumni or current graduate students concerning evolution and the fossil record (2006)
Argentine Fulbright Commission, 50th anniversary volume, distinguished alumna (2006).
Orville Prize, Yale University Department of Geology and Geophysics, best dissertation (2001)
G.G. Simpson Award, Yale University (2001)
Hutchinson Prize Fellowship, Yale Institute for Biospheric Studies (2000)
Estwing Hammer Prize, Yale University, outstanding research in Geology (2000)
Henry Gardiner Ferguson Fellowship in Geology, Yale University (1999)
National Science Foundation, Graduate Student Fellowship (1997-2000)
Samuel T. Arnold Fellowship, Brown University, for undergraduate achievement and an original research project (\$15,000; declined to accept Fulbright Grant; 1995).

Research Grants and Fellowships:

2014-2018(NCE) **Gordon and Betty Moore Foundation**. Grant 4498. The evolution of avian vocalization: an integrative approach utilizing the fossil record, physiology of vocal behavior, and comparative transcriptomics (Clarke PI [Lead] \$740,000+65,000 supplement in 2017, with T. Reide, F. Goller, and C. Tabin subawards).

2014-2018 **NSF EAR 1355292 Collaborative Research: Phylogenomics of palaeognathous birds and understanding the evolution of flightlessness**. (PI \$376,610 to Clarke, with Davis, Clamp, Edwards [Lead PI], A. Baker; total award \$950,000).

2013-2017 **NSF EAR 1251922 Collaborative Research: The mechanisms and evolution of plumage color in birds and other dinosaurs**. (PI \$164,003; with M. Shawkey [Lead PI] and L. D'Alba: total award \$350,000).

2012-2016 **NSF OPP ANT-1141820 "Collaborative Research: Late Cretaceous-Paleogene Vertebrates from Antarctica: Implications for Paleobiogeography, Paleoenvironment, and Extinction in Polar Gondwana**. (PI: \$70,872 to Clarke with M. Lamanna [Lead PI], R. Mcphee, K Claesson, and P. O'Connor; Total award ~\$280,000).

2015 University of Texas, Faculty Research Grant. Fall Semester.

2010-2014 **NSF DEB 0949897 Collaborative Research: Wings to Flippers - Phylogenetics, character acquisition, and feather biomechanics in the evolution of wing-propelled diving** (PI [Lead]: \$241,279; with K. Middleton, D. Ksepka; Total award ~\$470,000).NCE 2013-Oct. 2014.

2011 Madrono Ranch, Environmental Writing Fellowship.

2009-2010 National Geographic Society, Committee for Research and Exploration, Interpreting the color of feathers in fossil birds and dinosaurs. Senior Personnel with D. Briggs, J. Vinther (Richard Prum: PI, \$15,000).

2009-2010 Royal Society International Joint Project: Chinese feathered dinosaurs and the evolution of bipedalism. Senior personnel (J. Hutchinson, PI: \$~12,000).

2007-2011 **NSF EAR 0938199 (0719758) Collaborative Research: Integrated study of an exceptional avifauna from the Eocene Green River Formation: new data on avian evolution and taphonomy** (PI [Lead], \$150,000) with D. Briggs, L. Grande and R. Prum (Total award: ~\$270,000). REU supplement in 2009 (\$10,000). NCE: 2010-2011.

2007-2010 **NSF OPP 0927341 New approaches and rapid assessment of key avian fossils from the Cretaceous of Antarctica** (SGER; Lead PI, \$34,800 with Judd Case, Col)

2007-2009 **NSF OISE supplement to above OPP award for minority student participation in research on Mesozoic ornithurine birds in China** (Lead PI, \$7,000).

2007- 2008 National Geographic Society, Expedition Council, New Insight into Penguin Evolution and Biogeography (PI, \$20,000)

2006- 2007 NSF OISE US-Peru Planning Visit: Collaborative Research on Penguin Evolution and Biogeography 0621574 (PI, \$4,900).

2006-2008 National Center for Evolutionary Synthesis: CLOCKWORK: a triangle working group redefining interfaces for molecular biology and paleontology (PI, ~\$10,000).

2005-2006 National Geographic Society, Exploration Fund (Co-investigator, Zhou, Clarke, Zhang): \$30,000 (including \$10,000 cost sharing, IVPP; \$5,000 NCMNS) for fieldwork in Gansu Province, PRC.

2004-2006 NSF OPP Morphological study of a key avian fossil from Antarctica: new data provided by X-ray computed tomography and histology (SGER; PI, \$13,617).

2002 AAAS WISC Program: Collaborative Research in China (PI, \$4,990)

2002-2007 NSF ATOL "Collaborative Research: Archosaur Phylogeny - A Total Evidence Approach

at Fine Taxonomic Levels" Senior Personnel (Norell PI: \$1,733,737.00).

2002 American Museum of Natural History, Frick Fund

2000 Yale University, Council on East Asia Studies

1999, 2000 American Museum of Natural History, Chapman Grant

1999 Geological Society of America

1999 Explorers Club, Exploration Fund Grant

1999 Yale University, Enders Fellowship

1999 Field Museum of Natural History, Visiting Scientist Fellowship

1998 American Museum of Natural History, Research Internship

1994 Ford Foundation, Travel Grant

1993, 1994 Brown University, Undergraduate Teaching/ Research Assistantships

1993, 1995 Brown University, "CAP" Fellowships for research in-aid of curricular development.

Technical Publications and Manuscripts in Press:

78 total since 2000; 10 Nature or Science, 1 PNAS, 4 Proceedings of the Royal Society/Bioletters, 2 Systematic Biology. H index: 28; total citations: 3282; 8 papers with 100+ cites each, 5 of these as first author. Source: Google Citations.

Invited Workshop Participation: (see Professional Service for those I organized)

- 2014 Celebrating (NESCent): 10 years of the National Center for Evolutionary Synthesis. Invited as former Operations Committee member.
- 2014 National Center for Evolutionary Synthesis (NESCent) Catalysis Working Group- Developing Best Practices for Teaching Evolution
- 2014 NESCent Catalysis Working Group- A Deeper Look into the Avian Brain: Using Modern Imaging to Unlock Ancient Endocasts
- 2013 NESCent Catalysis Working Group - Methods for the Study of Macroevolution: Combining Fossils and Phylogenies
- 2006 Fossil and Molecular Estimates of Divergence (FAMED) NESCent Working Group (Oakley, PI) invited participant and liaison from NESCent funded CLOCKWORK working group on which I was PI.
- 2005 National Center for Evolutionary Synthesis (NESCent). Metadata Modeling Workshop.

Invited Technical Lectures:

- 2017 Gothenburg Centre for Advanced Studies in Science and Technology: The role of museums in modern evolutionary biology symposium and working group, Gothenburg Sweden
- 2017 Freie Universität, Berlin Institute of Biology, Animal Behavior Group. Berlin. Seminar
- 2017 University of Texas, Engineering, Acoustics Seminar
- 2017 AAA/Experimental Biology Annual Meeting invited symposium keynote.
- 2017 Louisiana State University, Biology Department.
- 2016 National Association of Science Writers, Science Keynote.
- 2016 Paleontological Museum of Liaoning & Shenyang Normal University
- 2015 Brown University, Department of Earth, Environmental and Planetary Sciences
- 2015 University of Texas, Astrophysics, Symposium Honoring Frank Bash, Closing night speaker.
- 2015 Museum für Naturkunde, Berlin
- 2015 British Antarctic Survey, Cambridge
- 2015 Nanjing University, School of Earth Sciences and Engineering
- 2015 NSF sponsored symposium: Critical Transitions in the History of Life US-China Workshop, Field Museum of Natural History and the University of Chicago
- 2015 University of Texas at Austin, Geological Sciences, Deford Technical Sessions
- 2014 Brown University, Geological Sciences, Research Symposium Honoring Peter Schultz
- 2014 Society of Vertebrate Paleontology, invited talk in symposium "Putting Fossils on Trees" on tip and molecular divergence dating.
- 2014 Keynote, International Ornithological Congress, Symposium-Evolution and behavior of waterbird aerial and aquatic flight.
- 2014 Hokkaido University. Lecture for "Outstanding questions in the evolution of wing propelled diving" Workshop
- 2014 Northeast Ohio Medical University, Department of Anatomy and Neurobiology.
- 2014 University of Texas, Department of Ecology and Evolutionary Biology (Appointment Talk for Graduate Faculty)
- 2013 Denver Museum of Natural History
- 2013 Opening Plenary Lecture, American Ornithologists' Union Meetings

2013 Smithsonian Institution, National Museum of Natural History,
 2012 University of Texas, Center for Brain, Behavior, and Evolution
 2012 Society of Vertebrate Paleontology, invited symposium participation
 "Phylogenetic and Comparative Paleobiology: New Quantitative Approaches to the Study
 of Vertebrate Macroevolution"
 2012 Peking University, Department of Geosciences
 2012 University of Chicago, Committee on Evolutionary Biology
 2012 American Museum of Natural History, Richard Gilder Graduate School
 2012 St. Edwards University, Department of Biology
 2011 Cornell University, Laboratory of Ornithology
 2010 Keynote, "Paleontological evidence for the radiation of extant birds" Symposium,
 International Ornithological Congress, Brazil.
 2010 Yale University, Department of Geology and Geophysics, Global Change Seminar.
 2009 Yale University, Department of Geology and Geophysics " Future Challenges in the
 Earth Sciences" Symposium.
 2008 Harvard University, Earth and Planetary Sciences
 2008 University of Texas, Austin, Jackson School of Geosciences
 2008 National Center for Evolutionary Synthesis
 2008 NSF Sponsored Philosophy of Biology Workshop: "Edges and Boundaries," University of
 Utah
 2007 Field Museum of Natural History
 2007 George Washington University, Biological Sciences
 2007 University of North Carolina, Chapel Hill, Department of Geosciences
 2007 North Carolina State University, College of Veterinary Medicine
 2006 "Species Names in Phylogenetic Nomenclature" at ISPN II, June 29 - July 2, 2006, Yale
 University.
 2005 Duke University, Biological Sciences
 2004 University of Texas, Austin, Department of Geology
 2004 University of Iowa, Department of Geology
 2004 Duke University, Biological Anthropology and Anatomy
 2003 Brown University, Biological Sciences
 2003 University of Kansas, Museum of Natural History
 2003 North Carolina State University
 2002 University of Berlin & Humboldt Museum; funded by German Science Foundation (DFG)
 2002 Paleontological Institute of the RAS, Moscow, Russia
 2002 Institute of Vertebrate Paleontology and Paleoanthropology, Beijing, China
 2000 Field Museum of Natural History

University Service:

2013-2017 Committee Service:

University Level: 2014-2015 Task Force to develop a UT Austin Innovation Center, Committee co-Chair. 2016- Provost's Teaching Fellow, Steering Committee, First Year Representative.

Jackson School of Geoscience: Associate Dean of Research, Search Committee; Carbon Climate, Geobiology Group, Executive Committee.

Department of Geological Sciences: Undergraduate Curriculum Committee, Strategic Planning Committee; Faculty Evaluation Committee; Space committee; Vertebrate Paleontology Lab, Executive Committee.

Other activities: Transfer student orientation speaker 2013, 2014; Geoscience Leadership Organization of Women Faculty Sponsor 2014-2016; 2014 JSG Advisory Council Spring Meeting, Lecture 2014 Environmental Science Institute, UT Fundraising Dinner, Lecture; 2014 Provost's Campus Conversations Faculty Symposium on undergraduate research and teaching. 2014 UGS speaker. 2015 Assistance to the Admissions and Support Committee. Provost's Faculty Campus Conversations, facilitator. 2016 UGS Speaker. Glow Banquet keynote speaker.

2012-2013- JSG Committee Service: Paleontology Discipline Leader; Search Committee Chair, Invertebrate Paleontology Hire.

2009-2012 Committee Service, Ad hoc JSG Associate Dean of Academic Affairs Search Committee; Information Technology Committee; Seminar Committee; Lundelius and Lowe Prize Committees; Climate; Ad hoc PhD Candidacy Committee.

2004-2008 Departmental Committees, NCSU: Search Committee, Climate Dynamics, 2007-2008; Committee on Service Assignments, 2006-2008; IT Committee, 2004-2008; Geology Curriculum Committee, 2004-2006; Ad-hoc Department Head Evaluation Survey Committee, 2006; Graduate Program Review Committee, 2005-2006; Search Committee, Meteorology, 2004-2005; Cavaroc Scholarship Committee, 2004.

Museum Service:

2009-2014 Texas Memorial Museum: collection building: ~400 extant avian specimens through salvage and international exchange (New Zealand, Brazil), casts of Peruvian and Antarctic fossil specimens, Green River Formation fish and bat specimens. Student assistantship providing graduate training in collection management and extant specimen preparation.

2004-2008 North Carolina Museum of Natural Sciences, Service: Permanent collection building: instrumental in museum accessioning first major dinosaur specimens since 2000; Collaborative work/student training to improve extant avian skeletal collection.

Editorial Service

2017- Editorial board, Science Advances advances, sciencemag.org

2017- Associate Editor, Proceeding of the Royal Society, Series B., Biological Sciences (Jan)

2013- Associate Editor, Paleobiology

2012- Editor-in-Chief, Journal of Anatomy

2011-2013 Associate Editor, Zoologischer Anzeiger

2005-2012 Associate Editor in Comparative Vertebrate Morphology and Paleontology, Journal of Anatomy

Other Professional Service:

2016 Co-convenor of an ICVM (International Congress of Vertebrate Morphology) Symposium on enhanced contrast CT methods (June 2016) Approved.

2015 Co-convenor of NSF sponsored international workshop on enhanced contrast CT methods held at UT.

2014 National Academies of Science (NAS) "Town hall" on priorities and challenges on the future of the US Antarctic Program

2014 Symposium Convenor, International Ornithological Congress, with Yutaka Watanuki "Evolution and behavior of aerial and aquatic flight"

2013 Invited Symposium Convenor, American Ornithologists' Union: "Assembly of the North American Avifauna"

- 2011-2014 *Media Response Team*, Society of Vertebrate Paleontology
 2010 *Invited Symposium Co-Convener*, "Paleontological evidence for the radiation of extant birds" International Ornithological Congress, Brazil.
 2010--2011 *President*, International Society of Phylogenetic Nomenclature, Past President
 2012-2013 ex office member of the Executive Committee.
 2009-- *Romer Prize Committee*, Society of Vertebrate Paleontology
 2008-2011 *Executive Committee*, Member-At-Large, Society of Vertebrate Paleontology
 2007-2008 *Operations Committee*, Member-At-Large, National Center for Evolutionary Synthesis (NESCent.org)
 2003--2008 *Predocctoral Fellowship Committee*, Society of Vertebrate Paleontology
 2004--2006 *Chair*, Predocctoral Fellowship Committee, Society of Vertebrate Paleontology
 2004 Sigma Xi Grants in Aid of Research, Committee
 2004-2006 *Governing Council*, Member-At-Large, International Society of Phylogenetic Nomenclature (ISPN)
 2000 *Co-convener*, "Missing Data- Practical Problems and Theoretical Issues" Symposium of the Society of Vertebrate Paleontology
 1999 *Organizing committee member and moderator*, "New Perspectives on the Origin and Early Evolution of Birds: an International Symposium in Honor of John H. Ostrom," Yale Peabody Museum and Yale University Department of Geology and Geophysics

Reviews for: Nature, Science, Proceedings of the National Academy of Science, USA, Proceedings of the Royal Society, London, Trends in Ecology and Evolutionary Biology, Systematic Biology, Current Biology, Evolution, Evolution and Development, Geophysical Research Letters, Journal of Biomedical Informatics, Oxford University Press, University of California Press and Cambridge University Press, Cladistics, Journal of Vertebrate Paleontology, Journal of Paleontology, Paleontological Research, Naturwissenschaften, American Museum of Natural History Novitates, Canadian Journal of Earth Sciences, Paläontologische Zeitschrift, Journal of Systematics and Evolutionary Research.

In the last two years: NSF Panelist: (BIO) NSF Referee: Systematics (BIO), Paleobiology (EAR), and Polar Programs (OPP). Smithsonian Institution Personnel Review, External Referee. French Polar Programs Grant Review; CONICET, Argentine Research Council, Grant Review.

Previous: Similar NSF service as well as NERC Referee, UK: Fellows Program. National Geographic Society, Exploration Fund Referee.

Exhibits, Public Programs and Other Service:

- 2017 BBC Documentary Program on T Rex. (in production, consultant and featured scientist)
 2017 High Desert Museum, Public Program, Bend, Oregon
 2017 Carnegie Lectures in Science, Washington DC
 2017 Science on Screen event at the Bullock Museum with Austin Film Society Sponsored by the Alfred P. Sloan Society.
 2016 NSF sponsored Undergraduate Futures Keynote speaker SSB/SSE Diversity Awards.
 2016 HHMI Teacher Workshop and Lecture at the combined Society for the Study of Evolution/Society of Systematic Biologists meeting (SSE/SSB)
 2016 Evolution Film Fest. Great Transitions Featured Film Q and A at the combined Society for the Study of Evolution/Society of Systematic Biologists meeting (SSE/SSB)

- 2016 ALLELE (Alabama's Lectures on Life's Evolution) series at the University of Alabama (April). "Now in its eighth year, the ALLELE (Alabama Lectures on Life's Evolution) seminar series is a specialized group of talks on all things evolution ... The series brings to campus influential scientists, scholars, and authors from universities, museums, and research labs throughout North America." (April)
<http://www.as.ua.edu/home/exploring-evolution/>
- 2016 100th UT Environmental Science Institute Hot Science, Cool Talks Anniversary Lecture for 1000+ people from the Austin community
- 2016 Local public lecture for ~300 people on dinosaur color as part of "Nerd Night ATX"
- 2015 Astronomy on Tap, ATX, public lecture on the K/Pg boundary (Austin)
- 2015 Evolution Outreach Program for the Nature Science Gallery (Austin)
- 2015 AMSCUE (American Association for Microbiology) Q&A Program associated with HHMI film on the origin of birds.
- 2015 National Science Teachers Association Meeting, presentation and workshop for teachers associated with screening of the new HHMI movie.
- 2014 Howard Hughes Medical Institute Biointeractive: Great Transitions program. Featured Scientist/Host and Consultant. Educational Film on the Evolution of Birds distributed to 5,000+ classrooms.
- 2014 Sky HD/3D: Conquest of the skies; 3D IMAX David Attenborough Program, consulting on dinosaur reconstructions.
- 2014 Museum at Prairiefire, a new natural history museum in Overland Park, KS partnered with the AMNH, featured scientist in permanent exhibit, exhibit consulting.
- 2013 Dallas Paleontological Society, public lecture
- 2013 Witte Museum, San Antonio, public lecture
- 2012 Denver Museum of Natural History
- 2012-- Cornell Lab of Ornithology consulting on "Great Mural of Avian Evolution"
- 2012 Travis County Audubon Society, Austin: public lecture
- 2011-- UT Undergraduate Geoscience Leadership Organization of Women, faculty sponsor
- 2011 UT Environmental Science Institute: Hot Science, Cool Talks lecture for ~1000 attendees- curricular materials distributed to Texas math and science teachers.
- 2011 Paleontological Society, Austin: public lecture
- 2010 Texas Memorial Museum Darwin Day: public lecture.
- 2010 Witte Museum in San Antonio, advisor on dinosaur exhibition.
- 2010 IMAX 3D dinosaur movie, consulting.
- 2009-2010 National Geographic Television program, "Dinomorphosis" Featured Scientist
- 2008 Field Museum of Natural History, outreach about NSF work on Eocene birds for public "In the Field" magazine and for "Evolving Earth" a new permanent exhibit.
- 2008 WISE (Women in Science and Engineering) North Carolina State University, invited lecture
- 2007-2009 Science Advisor, Durham Museum of Life and Science, permanent dinosaur exhibit
- 2002-2008 Scientific Advisory Committee, for the internationally touring dinosaur, "Dinosaurs, ancient fossils new discoveries." (AMNH and partners). Public program development and lectures associated with the exhibit at the North Carolina Museum of Natural Sciences.
- 2002-2007 IMAX Movie "Dinosaurs Alive" Science Advisory Committee and featured scientist
- 2007 NOVA program "Four Wing Dinosaur". Science Advisor and featured scientist,
- 2007 Tennessee Aquarium and Discovery Center, Program for "Girls Inc."
- 2006 Science Advisor and featured scientist, BBC/Discovery program

- 2006 Catawba Science Center, Hickory NC, "Dinosaur Days", Featured Lecture
 2006 Piedmont Bird Club, Public Lecture
 2006 WISE (Women in Science and Engineering) Faculty Panelist, College of Physical and Mathematical Sciences, North Carolina State University
 2005 Career Explorations in Science & Engineering Program, NCSU Science House, Seminar for rising 12th grade North Carolina students to spend two weeks discovering scientific research and engineering.
 2005 Women of the Society of Vertebrate Paleontology (WSVP), Panelist, 2005.
 2005 Schliele Museum (Smithsonian affiliate, Gastonia, NC) Fossil Fair, Invited/featured speaker
 2005 Expanding Your Horizons program for 7th grade girls, workshop leader.
 2005 Durham Technical Community College The Science Faculty 2004-2005 Seminar Series, April 2005 "Birds Among Dinosaurs".
 2004 UNC-TV(PBS) Documentary: "North Carolina's Natural Treasures"
 2003 North Carolina Fossil Fair, Invited/featured speaker
 2003 Hudson River Audubon Society, lecture: The dinosaur-bird connection
 1999 "Chinese Feathered Dinosaurs" exhibit, Yale Peabody Museum of Natural History
consulted on exhibit copy and design
 1997-2002 Yale Peabody Museum of Natural History, Public Education Fellow
 1992-1995 One of twelve founding mentor/teachers in a pioneer pre-college enrichment program for inner-city high-school students

Research Mentorship Boldface: current

Postdoctoral Researchers:

Nicholas Crouch (Sept. 2017-) PhD University of Illinois at Chicago.

Chad Eliason (Sept 2014- Dec 2016) PhD University of Akron

Now: Interdisciplinary postdoctoral researcher, Field Museum of Natural History.

Zhiheng Li (Sept 2015- Sept 2016) University Continuing Fellowship in 2014. Smithsonian Graduate Research Fellowship in 2012.

Now. Associate Professor, Chinese Academy of Sciences, Key Laboratory Institute for Vertebrate Paleontology and Paleoanthropology, Beijing

Xia Wang (July 2013- March 2016) PhD, University of Dublin, IR

Now: Research Assistant Professor, Yunnan University

N. Adam Smith (May 2011-Aug. 2011) PhD, University of Texas.

Now: Assistant Curator of the Campbell Geology Museum, Clemson University

Sterling Nesbitt (Sept. 2009- Sept. 2010) PhD Columbia University

Now: Assistant Professor, Virginia Tech University

Daniel Ksepka (Sept. 2007-Dec. 2008) PhD Columbia University

Now: Head Curator of Science, Bruce Museum, Greenwich CT.

Graduate Students:

Primary Advisor:

Grace Musser (PhD 2017-) NSF Graduate Research Fellowship

Sarah Davis (PhD 2016-) NSF Graduate Research Fellowship

Chris Torres (PhD 2014-) EEB (co-advised). Competitive EEB Research Startup Grant.

Lauren English (PhD 2012-) JSG Fellowship recipient.

James Proffitt (PhD 2012-2017) NSF Graduate Research Fellowship, Paleontological Society Grant, UT, Whitney Endowed Presidential Scholarship.

Aug. 2017: Postdoctoral Fellow/Anatomy Lecturer, University of Missouri.
Zhiheng Li (PhD, 2015) University Continuing Fellowship in 2014. Smithsonian Graduate Research Fellowship in 2012.

Now. Associate Professor, Chinese Academy of Sciences, Institute for Vertebrate Paleontology and Paleoanthropology.

Katherine Browne (MS 2014) Working in Austin.

Felicia Kulp (MS 2014) JSG Fellowship recipient. JSG student poster competition winner (MS level)

Now: Employed as a biochemist.

A.J. DeBee (MS UT 2012) NC State competitive recruitment fellowship.

Now: Washington State, Department of Labor and Industries.

Clint Boyd (PhD UT 2012)

"Taxonomic revision of latest Cretaceous North American basal neornithischian taxa and a phylogenetic analysis of basal ornithischian relationships"

Now: State Paleontologist of North Dakota

N. Adam Smith (PhD UT 2011)

"Systematics and evolution of extinct and extant Pan-Alcidae (Aves Charadriiformes): Combined phylogenetic analyses, divergence estimation and paleoclimatic interactions"

Now: Curator of the Campbell Geology Museum, Clemson University,
Adjunct Faculty School of Forestry and the Environment.

Previous: Field Museum of Natural History, Postdoctoral Fellow and NESCent postdoctoral fellow.

Drew Eddy (MS NCSU, 2008)

Now: Graduate Geophysicist at BHP Billiton; UT Exploration Geophysics, PhD 2014.

Committee Member:

Will Gelnaw UT Paleontology (PhD-)

Adam Marsh UT Paleontology (MS 2013, PhD-)

Jennifer Peterya, University of Akron (PhD-)

Kelsey Stinson UT Paleontology (MS 2015)

Rachel Simon UT Paleontology (MS 2013, PhD-)

Bill Parker UT Paleontology (PhD 2014)

Ashley Latimer UT Paleontology (MS 2014)

Robert Burroughs UT Paleontology (MS 2013)

Natasha Vitek UT Paleontology (MS 2013)

Michelle Stocker UT Paleontology (PhD, 2013)

Nathan Smith, University of Chicago (PhD, 2011)

Jeremy Green, MEAS, NCSU (PhD, 2009)

Matt Bertone, Entomology, NCSU (PhD, 2008)

Daniel Ksepka, Columbia University (PhD, 2007)

Nina Triche, University of Texas, Austin (PhD, 2007)

Examining Committee Member: (PhD)

Zhiguang Xue, UT JAG 2015

Brian Keith Lohman UT Biology 2013

Bud Davis UT JSG Geology 2013

Nicolas Huerta, UT JSG 2011

April Wright UT Biology 2010

Patrick Stinson UT Biology 2010

Ying Sun, UT JSG 2009

Undergraduate Students:

Hector Garza: (2014-2016) UT Multiple projects *Geoforce* student.

Presentation at GSA 2016, coauthor two abstracts and a paper

Jessica Valdes, McNair Scholars Program Fall 2014- 2016. *Geoforce* &

<http://mcnairscholars.com/>

Thesis research on melanin based coloration in extant birds. presentations SACNAS and National McNair Scholars meeting., NSF REU Ethiopia,

Leslie Jordan: *Geoforce* student, (2015-2016) UT SEM imaging of bird feathers

Adele Anderson: (2016) Brown University

Undergraduate Visiting Summer Scholar, project:humming bird vocalization

Ho Kwan Tang, (2015) Mount Holyoke College,

Undergraduate Visiting Summer Scholar, Feather anatomy

Now: PhD Student, Paleontology, Yale University

Jenny Le (2016-) Avian vocalization

Emily Roberts, (2014-2015) UT Elephant bird and ostrich fossil records. Student in Anthropology

Victor Gonzalez, (2014) Turtle vocalization

Felicia Moran (2014), limb lengths in waterbirds

Now: Geologist, Luxe Energy, Austin

Mitchell Reigler

Now. M.S. program, Paleontology, Virginia Tech University

Leah Hudson 2014-2016. UT

Research project. "Exceptional Preservation through time". Paper and 2 abstracts.

Now: MD Anderson Cancer Center, research data coordinator, Stem Cell Transplant Department

Taylor Watts 2013-2016 UT

Research project. "Exceptional Preservation through time"
coauthor manuscript and 2 abstracts.

Now: Geologist- Luxe Energy, Austin

Rachel Egan 2013-2014, UT

Research project. Paleocene Penguins from New Zealand.

Jennifer Millard Spring-Summer 2014. Waterbird hind limb proportions.

Abigail Black Spring 2014. Research project for course credit on basal bird evolution.

Now: Geologist, Conoco Phillips

Nicole Kurka UT Spring 2012- 2014. Honors thesis supervision. Finished in 2014. Presentation at SICB meeting. Austin Geological Society Award. Endowed presidential scholarship

Now: Geologist, Schlumberger Oil and gas industry

Josh Swisher UT Fall 2012, Spring and Summer 2013

Now: Geologist, Oil and Gas industry

Julie Fryman UT Fall 2011- 2013.

Now: Pasadena Humane Society, previous: Peace Corp

Grace Self UT Spring-Summer 2012 **Now:** research with C. Bell, U.T Austin

Krystal Heibel UT Spring-Summer 2012

Now: Geoscience PhD student, Oklahoma State University

Sara Cabral UT Spring-Summer 2012

Geoscience major as part of the McNair Scholars program (was Radio Television Film major before my class).

Regina Manion UT Spring 2012

Now: Teacher, Uplift Education

Geoffrey Britt UT Spring 2012

Katie Browne: UT Fall 2009, Spring- Summer 2010, Fall 2010, Spring 2011

Became: Geoscience MS Student UT Austin,

Mary Martha Kidd: UT Spring-Summer 2010, Fall 2010, Spring 2011

Now: UT Law student

Rania Eldam: UT Spring- Summer 2010, Fall 2010. Honors student with J. Barnes and now PhD student, Colorado School of Mines

Alma Colmenero UT, Spring 2010

Chris Torres, Spring- Summer 2007, 2008, NCSU Undergraduate Research Fellow;
2 months work at UT in Fall 2009 sponsored by an NSF REU supplement to Clarke.
MS Student, UNCW, Now: PhD student UT Biology.

Daniel Lavwer, Spring- Summer 2007, 2008, NCSU Undergraduate Research Fellow;
2 months work in Fall 2009 sponsored by an NSF REU supplement to Clarke.

Now: PhD 2016 from Montana State University

Adrian LeCesne Summer 2007, Fall 2008

Yale University minority student funded on NSF Supplement for research in China

Now: Natural Resources Law, Brownstein, Hyatt, Farber Schreck

Zack Boles Spring 2007. NCSU

Now: PhD 216 Student, Paleontology Drexel University

Brandon Smith, Spring-Summer 2007, NCSU Undergraduate Research Fellow

Phoebe Wang, Fall 2007 NCSU Honors contract project in art and paleontology

Now: Graphic designer, Toom Boom Animation

Lindsay Wittington, Spring 2006, NCSU

Kelly Best, Spring 2005- Fall 2006, NCSU Undergraduate Research Fellow

Kaitlin Strickland 2005- Fall 2006. NCSU

Now: VP, Communications iMedicare

Course Development and Teaching:

Research Methods, Data analysis and visualization: 2017 From Curiosity to Question. A 25 person blended framework for independent inquiry with graduate and undergraduate students. Funded by the Provost's office.

Life through Time: An introduction to paleontology and historical geology for majors. (~80 students). Fall 2011, 2012, 2013, 2014, 2016

Systematic Fundamentals, Paleontological Questions. A graduate seminar on morphology-based systematics, philosophical issues of the character and methods for the study of morphological evolution using discrete characters (~10 students). Spring 2010, 2012, Fall 2013

Avian Anatomy, Hands on specimen based course focused on project based learning. (5-10 undergraduate and graduate students). Fall, 2013, 2014.

The Age of Dinosaurs. A large enrollment (150-200 students) non-majors course co-taught with T. Rowe. Fall 2009, 2010

Expedition Methods: from Grantsmanship to Logistics. A graduate seminar (8 Students) Fall 2009. A grant writing and logistics course focused on international collaboration.

Other teaching/course development:

Harvard University, Guest lecture in S. Edwards freshman seminar on dinosaurs. 2015.

School of Architecture UT "Living Color: Architecture, Culture, Art, Light, And Science"

Undergraduate Signature Course. Guest lectures: 2010, 2012, 2014

UTeach program. Co-taught intensive summer course (paleontology module) for Texas math and science teachers (MA program). 2009, 2010.

Undergraduate research mentorship: In Spring 2015, I supervised 8 undergraduates, and 6 meet with me as a group on a bi-weekly basis for two-hours/course format. This work is informing development of an experiential learning/writing flag course focused on project-based learning that I will teach in Spring 2016. All of the students are writing papers, conducting peer review, and most will continue their projects this summer or fall. These research hours are for a grade. The flags for these courses were approved in January/February 2016.

North Carolina State University: 2004-2009

Dinosaurs, large enrollment course used for recruitment of majors. co-taught with M. Schweitzer

Morphological Evolution and Systematics (upper division undergraduates and graduate students)

Anatomy and Physiology of Dinosaurs (including birds) (Upper division undergraduates and graduate students) co-taught with M. Schweitzer

Deep Time, Diversity, and Systematics (upper division undergraduates and graduate students).

Vertebrate Paleontology: Methods and Theory (undergraduates and graduate students) co-taught with M. Schweitzer.

Major field projects:

- 2006—present PI: Peru, Paleogene, Pisco Basin, Ica Province. National Geographic Society and NSF funded.
- 2011, 2016- ongoing PI: Antarctica, James Ross Archipelago, Cretaceous-NSF funded.
- 2009, 2011 PI: Field expeditions to New Zealand, Chatham Islands, Cretaceous-Paleogene; NSF funded.
- 2000-2010 Mongolia, Cretaceous & Paleogene AMNH/MAS (8 seasons); PI: Wyoming, Green River Formation, Paleogene; PI: NSF funded China, Cretaceous National Geographic Society funded; Kansas, USA; PI: Niobrara Formation Cretaceous-O.C. Marsh localities.
- 1994-1999 Argentina, Cretaceous, Auca Mahuevo sauropod nesting locality, Boca del Sapo & Las Quijadas localities and Buenos Aires Province (Planetary Geology); Spain, Cretaceous, Las Hoyas locality.

Other recognition:

More than 10 high impact publications covered and commentary provided for international news periodicals and agencies including New York Times, LA Times, CNN, Washington Post, Reuters, AFP, AP, MSNBC, UK Times, Guardian, Telegraph. Research coverage in National Geographic Magazine. Radio interviews include those for NPR Science Friday, BBC, CBC, National Geographic Weekend, EarthSky and VOM. Featured scientist: IMAX, Discovery/BBC, NOVA, National Geographic Television. programs. For example, Clarke et al. (2010) was recognized by Time

Magazine http://www.time.com/time/specials/packages/article/0,28804,2035319_2034045_2034043,00.html and featured in the New York Time <http://www.nytimes.com/2010/10/01/science/01penguin.html>.

2016-2017: HHMI: One of 8 affiliated scientists featured- <http://www.hhmi.org/insidelook>; One of five “Innovation Faculty” highlighted by the University of Texas at Austin in their feature “On the Edge of What’s Next” at <http://innovate.utexas.edu/>. “From nanoscale to deep space, the work of the researchers featured here may stop you in your tracks to marvel that so many great minds are collaborating to create new knowledge.” Work on the evolution of bird song (Clarke et al. 2016; Riede et al. 2016) was covered in the New York Times, Washington Post, NPR, BBC, CBC, and others. Named as one of the top 100 science stories of 2016 by Discover Magazine (Dec. issue.).
